Tabs

Custom Tabs

Help for this Page

You can create new custom tabs to extend Salesforce functionality or to build new application functionality.

Custom Object tabs look and behave like the standard tabs provided with Salesforce. Web tabs allow you to embed external web applications and content within the Salesforce window. Visualforce tabs allow you to embed Visualforce pages. Lightning Component tabs allow you to add Lightning components to the navigation menu in Lightning Experience and the mobile app. Lightning Page tabs allow you to add Lightning Pages to Lightning Experience and the mobile app.

Step 6: Opening Lightning experience app Manager

The screenshot shows the Lightning Experience App Manager interface. The top navigation bar includes links for 'Get Started', 'Check Out Top Features', 'Leave Feedback', 'Days left in trial 24', and a 'Subscribe Now' button. The main header area contains the Salesforce logo, a search bar, and navigation tabs for 'Setup', 'Home', and 'Object Manager'. The left sidebar shows a search bar with 'app ma' and a list of apps, with 'App Manager' selected. The main content area is titled 'Lightning Experience App Manager' and features a 'Clone Apps(Beta)' section with a toggle for 'Enable App Cloning' set to 'Enabled'. Below this is a table listing 19 items, sorted by App Name, filtered by All appmenuitems - TabSet Type. The table columns are App Name, Developer Name, Description, Last Modified, App Type, and Visibility. The table lists various apps including Activity Manager Details, All Tabs, Bolt Solutions, Community, CPQ Integration User Connected App, Digital Experiences, Lead Generation, Lightning Usage App, and Marketing.

	App Name	Developer Name	Description	Last Modified	App ...	Vi...
1	Activity Manager Details	Activity_Manager_Details	Activity Records Details	26/04/2023, 9:56 ...	Lightning	✓
2	All Tabs	AllTabSet		20/04/2023, 1:49 ...	Classic

https://dypcoe-6d.lightning.force.com/one/one.app#/setup/NavigationMenus/home

Step 7: Defining new Lightning App

The screenshot shows the 'New Lightning App' setup screen. The main heading is 'App Details & Branding'. Below this, there are two columns: 'App Details' and 'App Branding'. The 'App Details' column has fields for 'App Name' (Student Details Manager), 'Developer Name' (Student_Details_Manager), and 'Description' (Enter a description...). The 'App Branding' column has an 'Image' upload button, a 'Primary Color Hex Value' field (set to #0070D2), and 'Org Theme Options' (Use the app's image and color instead of the org's custom theme). At the bottom, there is an 'App Launcher Preview' section and a 'Next' button.

App Details

- App Name: Student Details Manager
- Developer Name: Student_Details_Manager
- Description: Enter a description...

App Branding

- Image: Upload
- Primary Color Hex Value: #0070D2
- Org Theme Options: ☐ Use the app's image and color instead of the org's custom theme

App Launcher Preview

Next

Selecting Navigation Items

The screenshot shows the 'New Lightning App' wizard at the 'Navigation Items' step. The interface includes a top navigation bar with links like 'Get Started', 'Check Out Top Features', 'Leave Feedback', 'Days left in trial 24', and a 'Subscribe Now' button. The wizard title is 'New Lightning App'. Below the title, the section is 'Navigation Items' with a descriptive text: 'Choose the items to include in the app, and arrange the order in which they appear. Users can personalize the navigation to add or move items, but users can't remove or rename the items that you add. Some navigation items are available only for phone or only for desktop. These items are dropped from the navigation bar when the app is viewed in a format that the item doesn't support.'

The wizard is divided into two main panels: 'Available Items' and 'Selected Items'. The 'Available Items' panel has a search bar with the placeholder 'Type to filter list...' and a list of items: Accounts, Activity_Details, All Sites, App Launcher, Assets, and Awards. The 'Selected Items' panel shows 'student_details' with an upward arrow icon. Between the panels are navigation arrows (left and right). At the bottom of the wizard, there is a 'Back' button, a progress bar with four steps (the second step is active), and a 'Next' button.

	Lead Generation	Lead_Generation	Generate leads faster, and quality and nu...	20/04/2023, 1:49 ...	Lightning	✓	▼
8	Lightning Usage App	LightningInstrumentation	View Adoption and Usage Metrics for Lig...	20/04/2023, 1:49 ...	Lightning	✓	▼
9	Marketing	Marketing	Best-in-class on-demand marketing auto...	20/04/2023, 1:49 ...	Classic		▼

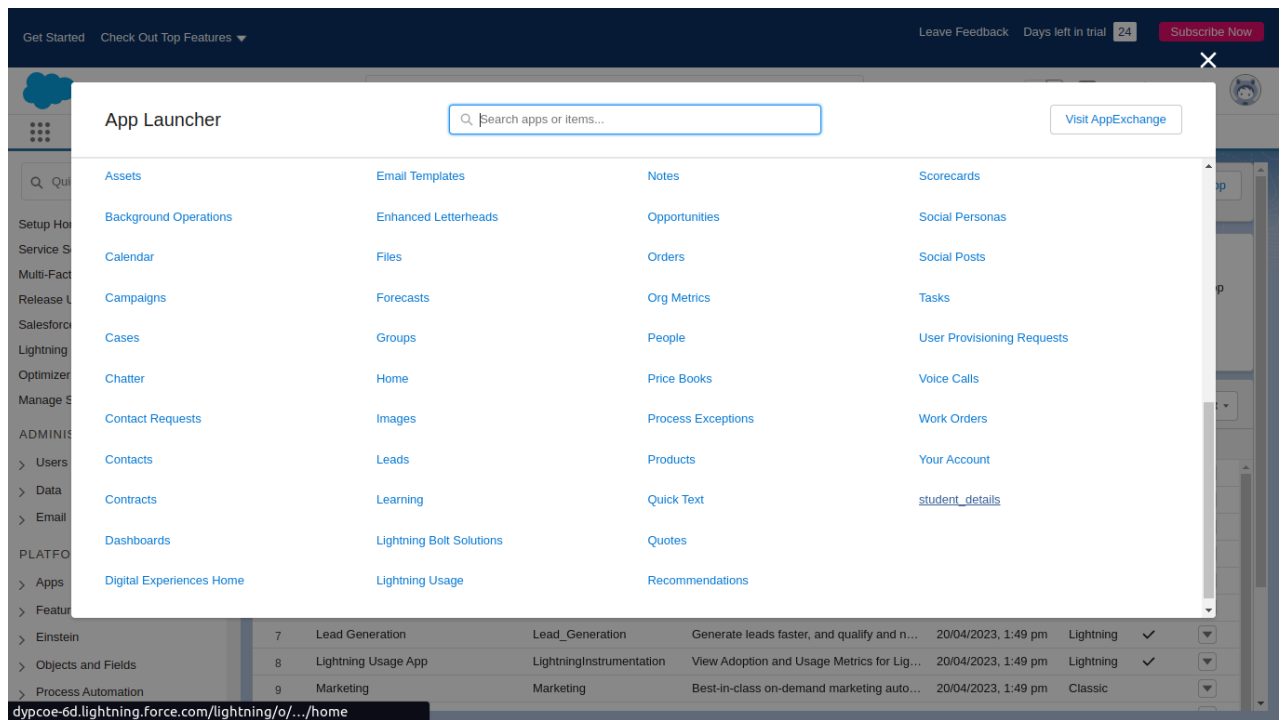

Adding User Profiles

The screenshot shows the 'New Lightning App' wizard at the 'User Profiles' step. The interface is similar to the previous step, with the same top navigation bar. The wizard title is 'New Lightning App'. Below the title, the section is 'User Profiles' with a descriptive text: 'Choose the user profiles that can access this app.'

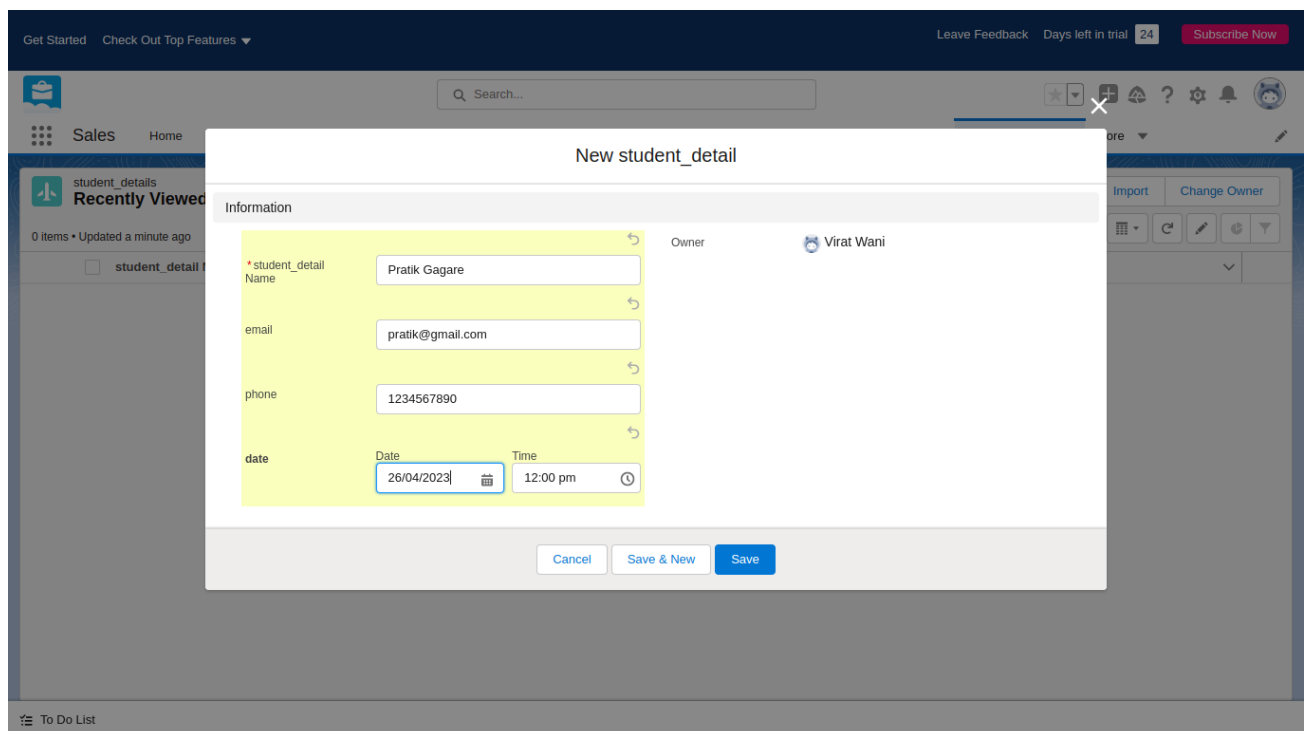

The wizard is divided into two main panels: 'Available Profiles' and 'Selected Profiles'. The 'Available Profiles' panel has a search bar with the placeholder 'syste' and a list of profiles. The 'Selected Profiles' panel shows 'System Administrator' with an upward arrow icon. Between the panels are navigation arrows (left and right). At the bottom of the wizard, there is a 'Back' button, a progress bar with five steps (the fifth step is active), and a 'Save & Finish' button.

	Lead Generation	Lead_Generation	Generate leads faster, and quality and nu...	20/04/2023, 1:49 ...	Lightning	✓	▼
8	Lightning Usage App	LightningInstrumentation	View Adoption and Usage Metrics for Lig...	20/04/2023, 1:49 ...	Lightning	✓	▼
9	Marketing	Marketing	Best-in-class on-demand marketing auto...	20/04/2023, 1:49 ...	Classic		▼
